About

I am a third year Glasgow University undergraduate student living in Glasgow. I am an enthusiastic individual with a wide range of software experience. I have excellent communication skills and a positive attitude. My interests vary a lot, from low-level programming to front-end frameworks.

Experience

Freelance Web Developer

Dundee University

Dundee, Scotland

Aug 2024 – Present

- Lead full-stack developer of the Design for Displacement Architecture Course website.
- Using React and Typescript as well as other modern tools for a stylistic design. Connecting with Firebase for authentication and real-time data storage.
- Implementing a functional CMS to allow students to dynamically change the content on the page.

Software Developer & Team Chair

Off Axis Gigs

Glasgow, Scotland

Sept 2024 – Present

- The CEO of a team tasked with designing a functional ticketing and marketing system for musical gigs.
- Adapting the original website and ecosystem into one single universal web app. To be used as a social platform for up and coming artists and a scanning system to authenticate tickets at venue doors.
- Linking up multiple public APIs. Such as Spotify for getting artist information and Stripe for payments.
- Coordinating team-client meetings, as well as organizing milestones/deadlines and assigning tasks and issues to members.

Education

University of Glasgow

Bachelor of Science with honours in Computer Science

Sept 2022 – May 2026

- On Track for Firsts Award.
- **Coursework:** Professional Software Development, Cyber Security, Algorithmics, Database Systems.
